## Work Experience

### Interim Warehouse Manager, Student Warehouse Manager, Bike Mechanic

2021-present

University of Colorado Boulder Environmental Center

- Supervise warehouse operations, maintaining inventory, managing logistics, and ensuring equipment readiness.
- Manage campus-wide bike and scooter infrastructure.
- Oversee maintenance, security, and functionality of bike racks.
- Process abandoned bicycles by salvaging usable parts.
- Repair and refurbished bicycles, providing a reliable service for students and promoting alternative transportation options.

### Designer, Seamstress, Entrepreneur

2024-present

Fits by Fitz

- Design and produce custom leisurewear.
- Manage all product design, fabric sourcing, and sewing.
- Collaborate with clients to create personalized garments.

### Zero Waste Events Lead

2023-present

University of Colorado Boulder Environmental Center

- Lead the planning, setup, and execution of waste management operations at large-scale campus events, including football games and concerts.
- Supervise waste collection teams, guiding them in diverting materials to proper waste streams.
- Foster environmental stewardship and awareness by engaging with event attendees.

### Hiking Guide, Boat Guide, Deckhand

2016-2019

Alaska Vistas

- Led hiking expeditions for groups of up to 15 guests while sharing knowledge of local wildlife, plants, and history to create a meaningful connection with nature.
- Served as a deckhand on jet boat tours to Stikine Glacier and bear tours at Anan Bear Preserve, Canada, enhancing guest experiences with engaging commentary and hands-on assistance.
- Ensured high levels of guest satisfaction by crafting immersive, educational experiences that promoted environmental stewardship and respect for the natural landscape.
